MEIS was founded in Athens back in 1981.

Our main focus was to create a company providing a unique portfolio of products of excellent quality at affordable price targeting a wide group of customers at all ages: men, women and children.
From the start we are fully committed to offer the best products for body and hair care that make our customers feel good and confident about themselves.

Our creative scientific team played a crucial role in developing exceptional products for body and hair that prevent problems or solve them effectively that soon became leading brands in our market.

Customers total satisfaction and loyalty achieved both by top quality products and outstanding services based in meticulous research and formulas manufactured by leading expertise laboratories.

For over 30 years our products are available at pharmacies shops, cosmetics stores , supermarkets chains and specialized shops all over Greece.
